Description

We are a 100% Czech company that has been supplying interior furnishings for shops, petrol stations, pharmacies, medical facilities, drugstores, offices and microbrewery restaurants and hotels since 1993. We run our own metal workshop, joinery workshop, powder coating plant and a plastics processing plant. We offer our customers a long-term relationship based on original solutions, a personal attitude, reliability, flexibility and proactive assistance in the design and implementation stages. In addition to our own installation and service teams, we have qualified partner companies in some European countries which we have been cooperating with for a long time. We would like to focus on equipment of hotels and accommodation facilities.
