- Friday 11:30-13:00 - Sector: Tourism

Description

Founded in January 2000 as an Internet Service Provider in the city of Resita/Romania, today, Netex operates through its two main offices in London and Germany. In time, we have continuously grown our company, by opening several offices in Romania and seven other Eastern European countries. In addition, we expanded our range of services to meet the needs of our customers. We are specialized in providing a full range of services for online businesses. Our mission is to support the success of online businesses worldwide through our high tech products and strategic automation. Our services are designed to create engagement, boost sales and grow your business. We help you build a connection between your customers and your products or services through the Internet.
