Description

"Sunflower" was founded in Vojvodina village Hajdukovo, near Subotica, in 1989. As a devoted vegetarian, and since the mid-eighties the macrobiotic diet follower, tree decades ago, its owner, Ivan Perčić, decided to embark upon organic agriculture. The first equipment that was purchased was a hundred years old hydraulic press for extracting of pumpkin and sesame seed oil in a traditional fashion. In the year of 2013 they decided to add the brand, Granum, alongside the company "Sunflower". In production, the highest quality raw materials are used, which are health-safe and have a beneficial effect on the human organism. In addition to being 100% natural, all products are gluten free and vegan, and most of them are organic. Today "Sunflower" have more than 60 products : Protein Crackers, Organic Vinegar, Virgin Pumpkin Seed Oil, Hemp Seed Oil, Light Sesame Oil, Virgin Toasted Sesame Oil, Energy Bars, Naturela Spread, Pumpkin Seed Butter, Peanut Butter, etc ... Except in Serbia, these products can also be found in: France, Netherlands, Hungary, Bosnia and Herzegovina, Montenegro, Katar and Czech Republic.
