Description

Merkur is a state-of-the-art medical service for the prevention, diagnosis, treatment and rehabilitation of digestive system diseases, diabetes and musculoskeletal disorders, with modern facilities for visitors throughout the year. Healing mineral waters, healing mineral mud, modern diagnostic methods, a highly specialized medical team and state-of-the-art medical equipment, Merkur has successfully combined and developed top quality health and wellness packages tailored to each individual. Although medicine is Merkur's primary service, Merkur's facilities include guests who want to enjoy the many wellness facilities, as well as modern cosmetic, apparatus and other aesthetic procedures, but also those who wish to be based in Merkur. Balance, smile, renewed energy, expertise, diagnostics and therapy, relaxation - that's health. And that is what Mercury has to offer.
